

4Q. 2006 summary

U.S. Treasury Bond Management Program

Investment Philosophy

Founded in 1991, The Lara Group, Ltd. is an investment management firm specializing in U.S. Treasury Bonds, Bills, and Notes. The firm's U.S. Treasury Bond Management Program ("Program") has average annual return objectives of 6 - 8% in a portfolio of only U.S. Treasury Securities. The Program emphasizes preservation of capital and total return to enhance an investor's fixed income portfolio. The Program is managed through separate accounts for institutional and private investors. To best utilize the Program, the recommended minimum investment period is three to five years.

The firm's successful management record is attributed to a unique analytical system of identifying the trading range of U.S. Treasury bonds and capitalizing on this knowledge. Expertise of the behavior and types of U.S. Treasury instruments in which to invest, coupled with stringent and proven buy-sell disciplines, are significant strengths of the asset management approach.

Performance – Treasury Bond Composite

Composite	1 Year (ending 3/31/04)	3 Years* (ending 3/31/04)	5 Years (ending 3/31/04)	Since Inception** (ending 3/31/04)
Annualized Returns:

Investment Strategy Cycle

- Mathematical model determines buy/sell points for long-bond.
- Bonds purchased are 20-22 Year Treasury STRIPS.
- Bonds are sold at designated 30 – 50 basis point drop.
- Short-term Treasuries are purchased until the long-bond's next buy point. Cycle repeats.

Note: Historically, 80% of the time the Program held Treasuries with maturities of less than three years.

Portfolio Performance - Annual Rates of Return

Year	The Lara Group	Lehman Brothers U.S. Aggregate Index
2006	8.20%	4.33%
2005	2.81%	2.43%

The returns stated for the U.S. Treasury Bond Management Program are gross of investment management fees. *In 1994, the current Program was not active for the full calendar year; therefore an annual return is not available. The Lara Group, Ltd. claims compliance with the AIMR Performance Presentation Standards® (AIMR-PPS®), the U.S. and Canadian version of GIPS®. AIMR has not been involved with or reviewed The Lara Group, Ltd.'s compliance. A complete list and description of the Lara Group, Ltd.'s composites and a presentation that adheres to the AIMR-PPS standards are available for review on www.Lara-Group.com or call 703-761-3907.

What is AIMR?

AIMR Performance Presentation Standards (AIMR-PPS) are based on the same principles of fair representation and full disclosure as the GIPS standards; the AIMR-PPS standards provide the North American marketplace with consistency and comparability of investment managers' performance. These are ethical principles and guidelines that promote uniformity in reporting investment performance. The Investment Performance Council oversees all of AIMR's investment performance standards activities. For more information visit www.aimr.org.

1. The "Growth of \$1.00" chart should not in and of itself be used to determine which securities to buy or sell, or when to buy or sell them; or directly or indirectly infer future performance; or for the sole purpose of determining suitability. Returns stated are annual, ending 12/31/2006. Returns charted for The Lara Group are gross of investment management fees.
